

MD. SHAKIL

IT Officer | ERP Administrator | IT Infrastructure Engineer

+8801521205978 | shakil.it.cse@gmail.com | Kadamtali, Jatrabari, Dhaka-1362, Bangladesh | linkedin.com/in/saamin11

PROFESSIONAL SUMMARY

IT professional with 3+ years of experience architecting and managing enterprise technology ecosystems across multi-site operations. Proven track record of owning full-cycle ERP transformations — eliminating manual workflows, integrating cross-functional modules, and driving measurable gains in operational efficiency and reporting accuracy. Skilled in building and securing robust IT infrastructure, including LAN/WAN networks, IP-PBX, CCTV, and attendance systems that support business continuity at scale. Combines deep technical expertise with strong stakeholder communication and project leadership to align IT initiatives with organizational goals — delivering reliable, scalable solutions that create lasting business value.

CORE COMPETENCIES

PROFESSIONAL EXPERIENCE

SA AGRO FEEDS LTD. (Concern of SA Group of Companies) | June 2023 – Present

Officer (IT) | Dhaka, Bangladesh

Key Responsibilities

- Managed and oversaw IT operations across Head Office, Rangpur Factory, and 11 depot locations nationwide.
- Administered and maintained company-wide network infrastructure to ensure operational continuity and system reliability.
- Managed IP-PBX communication systems and CCTV surveillance infrastructure.
- Supported and maintained attendance management systems and webmail services.
- Performed ERP system administration, user support, troubleshooting, and process optimization.
- Coordinated IT procurement activities, vendor management, and technology sourcing.
- Provided technical support and IT guidance to employees across multiple departments.
- Ensured system security, data integrity, and compliance with organizational IT policies.

Key Achievements

- Spearheaded the digital transformation initiative by replacing manual and Excel-based business processes with a customized ERP solution.
- Conducted end-to-end business process analysis to align ERP implementation with organizational workflows.

- Successfully implemented and integrated key ERP modules including Procurement, Inventory, Production, Sales & Distribution, Accounts & Finance, and HR.
- Improved operational efficiency by centralizing business processes and reducing manual data-entry errors.
- Enhanced reporting accuracy and decision-making through ERP-driven business intelligence.
- Played a key role in user training, system adoption, and change management throughout ERP deployment.

UTTARA INSTITUTE OF BUSINESS & TECHNOLOGY | Oct 2021 – May 2023

Lecturer, Department of Computer Science & Engineering (CSE) | Dhaka, Bangladesh

- Conducted lectures and laboratory sessions on computer science and information technology subjects.
- Prepared academic materials, assignments, examinations, and student assessments.
- Guided students on programming, networking, and IT-related concepts.
- Assisted students in academic projects and technical problem-solving.
- Participated in departmental academic and administrative activities.
